

## **Run to You (Wenstrom)**

Oh when I am down and out  
I'm gonna run to You  
Nobody can compare  
For You are tried and true

Oh Lord, my God You're my Savior  
From the devil and sin  
I know Your power to rescue  
From the trouble I'm in

Now when I need some help  
I'm gonna run to You  
In You I put my faith  
The best thing I can do

Oh Lord, my God, You're my shelter  
From the storms I will face  
I know Your power delivers  
And I must live by Your grace

I'm gonna run to You  
And live this life that's new

Now, when all seems lost  
I'm gonna run to You  
For You came through for me  
And now my faith it grew

Oh Lord, my God I will praise You  
For everything You have done  
In saving this wicked sinner  
Who boasts in the victory You've won

I'm gonna run to You  
And live this life that's new

I'm gonna run to You  
And live this life that's new
