Give Him Thanks (Wenstrom)

In everything, give Him thanks
For this is God's will for you
In Christ Jesus, He's making all things new

Give Him thanks, and praise His name
His loyal love we will proclaim
Every day you must thank Him that you're breathing
And for giving you life with hope and meaning
Give Him thanks, ya give Him thanks

There will come a day around His throne and we'll join a might throng
To praise our God and Father and the Lamb with a brand new song
That gives Them thanks

In everything, give Him thanks
For this is God's will for you
In Christ Jesus, He's making all things new

Give Him thanks and sing His praise
For just and true are all His ways
Every day you must thank Him that He loved you
For the gift of His Son for our rescue
Give Him thanks, ya give Him thanks

There will come a day, there'll be no pain and every tear He'll wipe away
And death there'll be no more for the Lamb came and saved the day
So give Him thanks

In everything, give Him thanks
For this is God's will for you
In Christ Jesus, He's making all things new

Give Him thanks for all He's done
The awesome God, Almighty One
Every day you must thank Him you're are forgiven
And for all the blessings you have been given
Give Him thanks, ya give Him thanks
