**Rejoice (Wenstrom)**

When I was a young man oh so long ago
My world came crashing down and gave me sorrow
But Jesus came to rescue me and saved the day
I never will forget the moment He found a way

So I will rejoice in my Lord, my God
For He can save me so I will trust in His name
And rejoice in the Lord

So even though my problems appear insoluble
And all of my circumstances impossible
I know that with my God there is a solution
For His power to deliver brings resolution

So I will rejoice in my Lord, my God
For He can save me so I will trust in His name
And rejoice in the Lord

Listen to me all of you whose life's a mess
And living without hope and always filled with stress
Turn to my Savior, the almighty One
Place your faith in Jesus God's one and only Son

Then you will rejoice in your Lord, your God
For He will save you when you have trusted in His name
And then you'll rejoice in the Lord
